Education

March 2022 – September 2022 – **Full-Stack Coding Bootcamp** – *University of Birmingham*

I am currently taking part in a full-stack coding bootcamp and developing my skills in coding. With a proficiency in a variety of technologies in front-end and back-end development, with a keen eye for design, I will graduate as a full-stack software engineer in September 2022. Please browse my Github and portfolio to see my projects:

My first group project:

Virtual Holiday
Deployed page: https://c-sim.github.io/virtual-holiday/ |
Github repository: https://github.com/C-Sim/virtual-holiday

This interactive app allows the user to experience a virtual holiday abroad. Begin by selecting a holiday type and be transported away to a new destination. Everything the user needs to recreate the holiday feeling virtually is included - from the scenery and atmospheric music, to a waiter who offers a snack and tells bad jokes!

Work History

October 2019 – PRESENT – **Sales and Marketing Executive** - *Villa Select – Tour Operator*, Alcester, U.K

-Responsible for creation of the weekly e-newsletter and social media marketing to our affiliate agents
-Photo editing of the villa images using Adobe Photoshop
-Website maintenance: WordPress, copywriter for villa descriptions, blog posts and destination information-Responsible for booking and organising villa accommodation and flights for clients
-Engaging with a wide range of clients over the phone and over email
-Responding to administrative tasks such as balance invoices and itinerary/booking confirmations, emails and enquiries.
-Excellent knowledge of the 200 villas we stock and their locations.
-Responsible for sending important travel documents for an average of 2,000 clients over one season

-Playing my role to give all clients a memorable vacation and go out of my way to give excellent customer service
-Proficient with Excel, Word, Powerpoint, Adobe Creative Suite, Canva, WordPress and Travelink

June 2018 - September 2019 – **Pool Lifeguard** - *Loews Hotels*, Orlando, Florida, U.S.A

-Completion of mandatory lifeguard training under Ellis & Associates, a good swimming ability and maintenance of first aid skills (CPR, oxygen administration and AED). All emergencies were alerted and responded to immediately.
-Responsible for protecting guests at the hotel's 12,000 square foot swimming pool. It was imperative to spot a potential emergency within 10 seconds and reach a guest in distress and begin administering aid within 20 seconds.
-I worked abroad in the United States as part of a cultural exchange programme under a J1 working visa; I had to adapt to a new country and a new culture
-Friendly and helpful towards all hotel guests. If a guest should approach for assistance, I always remained courteous and helpful, with a polite attitude.

This simple calendar application allows you schedule and save events throughout your day. The text field allows the user to input a reminder for the event that will take place at each hour. When the 'save' button is pressed, this information is set to the computer's Local Storage. Refreshing the page will not remove any messages - they will stay there until they are over-written.

Education
